

THE ENIGMA OF PSYCHOSIS

A PSYCHOANALYTIC PERSPECTIVE

SUNDAY, DECEMBER 13th, 2020

PAUL WILLIAMS (UK)

FRANCO DE MASI (ITALY)

HOWARD LEVINE (USA)

JANI SANTAMARÍA (MEXICO)

What role does psychoanalysis have in the understanding and treatment of psychosis? Is what we have learned from neurotic or borderline states sufficient or do we require something additional to solve this enigma? To what extent does psychosis reflect unconscious processes of conflict and symbolic meaning? Or is it better understood as a dissociative withdrawal into a world of omnipotent, sensorial fantasy? Join us for an international seminar and clinical discussion
